8 December 2016

From the Executive Principal

This newsletter will be the final communication for 2016, however a brief ‘welcome back’ newsletter will be sent in the first 2 weeks of the new year detailing commencement dates, uniform shop opening hours and enrolment information.

As we complete another excellent year in education at Mountain Creek, I would like to thank all families for working with teachers throughout the year to ensure that students are engaged in their learning both at home and at school. Strengthening our partnerships between home and school has been our key partnership focus for 2017.

I would also like to thank my dedicated staff (both teaching and non-teaching) for their professionalism and their commitment to the families who enrol their students at Mountain Creek and for providing such an exceptional standard of education, pastoral care and extra-curricular opportunities for our students.

A special thank you also, to my volunteers of the P&C Association and to the members of the School Council for your advice and support throughout the year.

Reports for Year 7 – 11 will be emailed to families this year and all families have been reminded via SMS that signing up to QParents will allow families to download these reports as well as access timetables for 2017, when they are finalised early in the New Year. Procedures for signing up to QParents are also available online via the link below.

http://www.mtn creek shs.eq.edu.au/

On behalf of the staff at Mountain Creek State High School, I wish all families a safe and happy Christmas and best wishes for the New Year, 2017.

Cheryl McMahon
Executive Principal

From the Head of Senior School

Release of Year 12 Results, OPs and FPs

From 9 am on Saturday 17 December, all results contributing to the Queensland Certificate of Education (QCE), OPs and FPs will be available in student learning accounts on the Student Connect website:

From Monday 19 December, students will begin receiving their Senior Education Profiles in the mail. Depending on students’ individual circumstances, their profile will comprise one or more of the following documents:

- QCE
- Tertiary Entrance Statement
- Senior Statement
- Queensland Certificate of Individual Achievement.

Students must know their Learner Unique Identifier (LUI) and password to log in and check their results online. This has been supplied to students this year on assemblies. Students will gain faster access to their results if they have previously activated their learning account.
New position in Senior School

Mr Mark Thompson has been appointed to Head of Year (HOY) for Year 12 students for 2017. Mr Thompson will be the first point of contact for Year 12 students in 2017, and will work closely with the senior leadership team to enact processes to best allow the success of students in Year 12. This is a challenging position for Mark and we wish him well.

TAFE options

Many students in Years 10 and 11 are currently enrolling in the TAFE at schools programs offered as a “6th subject” for students. Students interested in this option should see the TAFE website and click on the TAFE at school link to apply or research courses.

Best Wishes for the Season
Andrew Stone
Head of Senior School

Scholarship Welcome Evening

Each year the Mountain Creek SHS P & C Association offers 10 scholarships to students attending MCSHS in Year 7. We would like to congratulate all of the amazing students who attended the Welcome Evening and were presented with their scholarship this week. Scholarships are awarded to outstanding young students who have excelled academically, are good role models to their peers and are also strong in one or more areas of sport, art, dance, drama, music, public speaking, debating and information technology. We look forward to welcoming these students to Mountain Creek SHS in 2017.

The successful recipients were Liliana Swan, Rayan Masoud, Zoe Carroll, Luke Brumby, Amber Swan, Sophie Greenhalgh, Gemma Roake, Chelsea Taber, Nikolas Marchetti, Kiera Bascombe.

Young Scholars

On the 17th November we had our last Young Scholars afternoon for the year. Students enjoyed afternoon activities in Mathematics and HPE. In 2016 we had 50, Year 5 students and 52, Year 6 primary school students involved in this enrichment program. We look forward to continuing with our Year 5 students in 2017 and will welcome many of our Year 6 students to our Junior Secondary School Community come January.

Assessment and reports

Our Year 7, 8, 9, 10 and 11 students have now completed their assessment for the year. Reports will be distributed to parents by email on Thursday 8th December. If you do not have a current email address on record at the school please contact us and ensure that this has been amended before that date. If you wish to receive a hard copy of the report this can be done in person at our sub school offices or administration after Thursday 8th. Reports will not be distributed early.

PROJECT HAMPER

Term 4 saw the Year 7 students participate in ‘Project Hamper’ as part of their Year 7 Pastoral Care classes. Project Hamper aimed to engage our students in working together to support families in our local Mountain Creek SHS community. These hampers will be distributed to appropriate families in our school community by the Student Services team. Thank you to the Year 7 Pastoral Care students and teachers and the Student Services Team for your time, effort and generosity in donating to this worthwhile cause.
Senior School News

Halogen – Leadership Conference

Monday 14 November, 11 intrepid aspiring leaders made their journey to the Brisbane Convention centre for the Halogen “Imagination” Leadership Conference.

The message was simple:- Build Resilience.

Five hours of inspiration from speakers:

- Nic Marchesi & Lucas Patchett - Founders Orange Sky Laundry
- Alyssa Azar - Youngest Australian to climb Everest
- Danielle Prince - Rio Olympian and Australia’s Top Rhythmic Gymnast
- Robbie Miller - Musician and Triple J Unearthed NIMA Winner 2013
- Poppy Starr - Girl Skater Art Maker Entrepreneur
- Samantha Skinner - Halogen Australia General Manager

1200 students from across the state came together and reflected on their individual success criteria and leadership ethic. They shared their 10K ideas about the future and their part in leading new ways to old thinking. Being fearlessly authentic, a catalyst for change to foster connectedness in a world of complexity.

Ben Chooses A Different Path To Celebrate Schoolies.

Benjamin Van Ey, from Mountain Creek State High School, will be one of 24 school leavers from across Australia who will ditch the Gold Coast crowds this year. Instead Benjamin will spend a week volunteering in Cambodia.

The tour group departs Australia this Saturday as part of ylead’s drug and alcohol free Schoolies alternative, “Help Out”. The heart-warming adventure in Cambodia offers graduates an alternative to the typical celebrations seen on the Gold Coast. Instead school leavers will spend their week volunteering as an assistant teacher at grass roots community school, “Feeding Dreams”, whilst being immersed in a new culture.

ylead, a not-for-profit association that delivers leadership development experiences to thousands of students across Australia, has seen the demand for Schoolies alternatives continue to grow since running their first trip to New Zealand in 2011. Both school leavers and their parents have started to question the appeal and safety of partying with the masses.

ylead CEO, Matt Kershaw, thinks it’s important to empower young people with a choice of experiences.

"Schoolies has become a rite of passage for young Australians. At ylead, we challenge the booze and drug fuelled culture of traditional celebrations by offering fun and meaningful alternatives."

The organisation currently runs drug and alcohol free Schoolies alternatives in New Zealand and Cambodia with the hope of introducing further trips to give school leavers a range of options.

Tour Leader, Belinda Yorstoni, says,, “There is no doubt that these Schoolies alternatives give school leavers a head start in life. The personal growth I witness over the trip is amazing. They finish their week of celebrations with lifelong friends, a new
appreciation for the world, a greater understanding of who they are and an experience they will actually remember!"

For more information on ylead Schoolies alternatives visit the link below.

From the Finance Department

Student Resource Scheme and User Pays

Statements are being sent out this week. We sincerely thank those parent/guardians who have paid fees to date helping us plan and purchase resources for 2017. Please note if you have outstanding fees we cannot issue resources for your son/daughter at the commencement of the 2017 school year until payment has been made.

Copies of invoices can be obtained via QParents. If you have not joined QParents please contact the school office to request an invitation email to be resent. If you cannot access QParents and need a copy of your statement please contact the Accounts Receivable Officer on 5457 8308.

Payment Methods

Bpoint

All statements contain the information required to pay via Bpoint (link below) which is a secure internet payment portal. Copies of Invoices can be downloaded from QParents containing this information.

School Bank Account

Payments can be made directly into the school bank account:

BSB: 064-447
Account Number: 10073789
Reference: [Student Surname], [Student Initial], [Year level]

Over the phone

Credit Card payments can be accepted over the phone by calling the finance department on 5447 8308.

For those families who may be experiencing financial difficulty in paying fees by the due dates:

Alternative Payment Plan

Mountain Creek State High School can negotiate payment plans with families who are experiencing financial difficulty. Payments can be scheduled weekly, fortnightly or monthly via centrepay deductions, credit card or through direct debit contributions to the school bank account. Payment plan applications can be obtained via the school website (link below) or an appointment can be made with the school Business Manager to organise a payment plan. Please contact the Finance department on 5457 8308 or email: accountsreceivable@mtncreekshs.eq.edu.au for more information.

http://www.mtncreekshs.eq.edu.au/

Issuing of Receipts

We will no longer be sending receipts via the mail. If you require a copy of a receipt please contact the finance department on 5447 8308 or by emailing: accountsreceivable@mtncreekshs.eq.edu.au.

MCSHS Laptop Programs 2017

The introduction of the school wide BYOx (Bring Your Own Device) program this year has been extensively supported by our families at the Creek. In the first year of our BYOx program at our school we have connected over 1800 devices to our school network, making us one of the most successful BYOx programs using this solution in the state. We would like to keep the forward momentum going next year and aim to have all students with a device to use in the classroom.

We are striving to keep to the level of access for students provided by the previous one-to-one laptop program and BYOx is an important part of this. Students that are using BYOx devices are using machines that are familiar to them and may be more comfortable using them to learn with on a daily basis.

It is mandatory for students in years 10, 11 and 12 to have a laptop to use in the classroom. It is also highly encouraged that the students in years 7, 8 and 9 also bring a BYOx machine to familiarise themselves with devices at school and to give them every opportunity to learn effectively.

If you require any information regarding the laptop programs that are on offer for Mountain Creek State High School please visit the school website -

https://mtncreekshs.eq.edu.au/Facilities/Computersandtechnology/Pages/Computersandtechnology.aspx

If you are thinking about purchasing a laptop for your student in years 7 or 10 I have created guides for parents to use to help with this process. Please see below for each:

Guide for year 7 purchasing -

Guide for year 10 purchasing -

English Update

Writers with a Conscience

The year 7 students are studying poetry at the moment and many of them have been really keen to write their own poems. In Ms Djura’s class, some of the students have taken what they have learnt about poetry and applied it to their thoughts about the impact of humans on their environment.

The fishes are dying
Nobody’s crying
Contaminated water
Will kill and will slaughter
They’re floating in the seas
Please stop this atrocity

*by Zander Cannon and Zac Andrews*

Trees will fall
Buildings will grow
Animals will flee
Pollution will show
How much longer until they see
The world can’t handle this much more.

*by Imogen Koomen*

**Indigenous Education Update**

On Wednesday the 23rd of November 2016, the year 7 and 8 indigenous students took a trip out to the Sunshine Coast University. They were met by the AIME group, who mentor young indigenous people throughout their schooling and beyond. The students experienced a wealth of knowledge about their culture and participated in fun and interactive activities during their visit. AIME are a very important support system for indigenous youth, during their adolescent years when the importance of their culture can be recognised. Mentors will come into the school and help the students with their school work or any part of their lives they may be having difficulty with. Once a term the students will be asked out to the University to socialise and network with other students from surrounding Sunshine Coast schools involved in the program. AIME is a very valuable program for our Indigenous students to have a warm, welcoming experience during their High School years.

Logan Poland, Alex Williams, Jack Field, Maddy Stanton, Paris, Isaac King, Elih Williams (Ambassador) Mieka and Macey Stewart.

**News from Creative Industries**

**Our 2017 Popstars Cast Makes a Start!**

On Thursday of Week 6 the Popstars – *The 90s Musical* cast met for the first time as a group for a cold read of the script, get sized up for their shirts and get amped for the amazing experience that lay ahead. We have two rehearsals before the end of the year: Tuesday and Thursday of Week 10. Just a reminder, each musical cast member will need to bring in their signed musical contract forms to those rehearsals if they have not already done so and their $30 must be paid to student finance by the end of the year.

**News from the Sports Department**

**World Record Holder**

Congratulations to student Brooke Ryan who set new world records a few weeks back at the World National APC event. Brooke is already an 8 times Australian record holder and managed to win not only her category but also set 4 new world records in the process! Brooke now holds all the world records in both federations out of anyone in her class in the world!

Brooke has trained for 12 months for the powerlifting and at the National Titles competition on the Gold Coast she smashed every record in the world!

At 15 years old and a body weight of 51 kg she squatted 97.5 kg, bench 45 kg and deadlifted 106 kg which for her age and weight are absolutely amazing!
**News from Fraser**

**Best Wishes for the Festive Season from the Fraser Family**

As 2016 winds down for the year, the Fraser teaching team would like to wish you all a safe and wonderful holiday season. After a year of hard work and commitment, we would also like to thank you for your personal investment into your learning journey.

![The Festive Fraser Family](Image)

**News from Student Services**

Mountain Creek State High School sincerely thanks the following businesses that provided our students with the opportunity to participate in the Work Experience Program during 2016. Please show your appreciation by supporting them.

**Caroline Quilty,**  
**Work Experience Coordinator**

Parent & Student Information

Young people are at greater risk of alcohol-related harm than adults. Drinking early can also cause problems with alcohol later in life and can cause brain damage.

The facts have changed

We now know more about the effects of alcohol, and it is more harmful than previously thought. Alcohol exposes young people to a greater risk of injury and harm, and doing things they may later regret. This is because teen brains are still developing and they are likely to drink more and take more risks when drinking compared to adults.
Teen drinking can lead to risky and antisocial behaviour and contributes to the 3 leading causes of death amongst young people:

- unintentional injuries
- homicide
- suicide

There are strong links between the harmful use of alcohol and both being a victim of, and perpetrating, teen violence.

It’s now illegal for an adult or a minor to give alcohol to someone who is under 18 years of age without their parent’s approval, even on private property. This is called the Secondary Supply law.

Everyone isn’t doing it

The percentage of teens who are choosing not to drink has risen from 63.6% in 2010 to 72.3% in 2013.

What can parents do?

Parents have a significant impact on the drinking habits of teens, and are viewed as credible sources of information about alcohol.

Parents are the most likely source of alcohol for 12-17 year olds.

- Be a Role model
- Start the conversation with your teen early and make conversations about drugs and alcohol common
- Ensure your teen understands the harm; be firm in your beliefs and expectations
- Parent monitoring and family rules about alcohol reduce the likelihood of teen drinking
- Emphasise that everyone else isn’t drinking and isn’t drinking to excess
- Brainstorm with your teen ways of saying no
- Arrange a safe plan with your teen

School Reunion

Class of 2000 Reunion!

It has been 16 years since Mountain Creek’s Class of 2000 held their graduation ceremony and on Saturday night the 5th of November they came together again for the first time at Mantra Mooloolaba for their graduating year’s first official high school reunion.

The networking of facebook made getting in touch with so many people much easier to reach out and organise this event.

‘The opportunity for a 10 or a 15 year reunion had passed, so figured why not a 16 year reunion?’ I Alex Trezise, a former Mountain Creek graduate and the event’s project manager was thinking as I asked the groups permission to commence arranging it. The only obvious challenge was to arrange it from Canberra where I am currently based, so the help of some good friends to have a look at things on my behalf was needed to make it a success.
After suitable venues had been shortlisted through inspections with the help of former students Fiona Bradley and James Wilson, the Mantra Mooloolaba was voted by the former students via an online poll as the venue of choice. "We didn’t want it to be ‘one of those reunions’ where the venue was disappointing or the food lacking quality, so it did cost more but the quality of what we received in terms of service, location and style ensured we had an excellent time with delicious food and comfort.

The school was also very helpful in getting together old school video tapes, Tanya Headley was able to meet with school staff and uncover the archived video cassettes to convert to digital format for group display on a big screen. The school also granted the use of the graduation banner (reverted to the year 2000) to be used as a wall feature - which came up excellent in the venue. We had also sourced a DJ to play a 90s to 2000 remix which was a major hit with the group attending. It was practically like we were all back in 2000 again!

All the attendee’s, now 33 years old and a lot wiser have lived lives in a world where so much has changed and happened since graduating in 2000; during the school days we were students during the IT boom of the late 90s and as adults, many have careers that no-one in 2000 would have predicted. Some people had lived in different parts of Australia and the world, been involved in the Middle East conflicts (Iraq and Afghanistan), conducted naval customs and border protection operations as well as working in arid conditions during Australia’s mining boom. Some had become corporates in capital cities such as Brisbane and Melbourne.

Former students have chosen many pathways since graduating with approximately half getting married and becoming parents and others enjoying active single lives.

Here is a sample of what some of the students have been doing since graduation:

Danielle Day completed a Bachelor of Information Technology and then went to Japan and taught English and managed a private language institution for 4 years. Upon her return to Brisbane she completed her postgraduate studies in Applied Linguistics whilst working for an Airline Company. She now works as a Sales & Marketing Coordinator in a finance company where she has been for the past 8 years. Danielle is also in her 6th year in the Australian Army Reserves where she currently holds the rank of Captain in the Royal Australian Corp, transport division.

Alex Trezise who after school, just wanted adventure so enlisted into the Navy for 6 years as a Marine Engineering sailor and got a mechanical trade through the Navy. After his last posting in the Indian Ocean and residing in Perth, he worked as a mechanical fitter in the Mining boom on mine construction projects. After extensive world travels (33 countries) and living in Spain, he decided the time was right to go to university where he completed postgraduate studies in Project Management and a Masters of Business Administration. He now lives in Canberra working as a Management consultant enjoying the single life.

Shannon Figallo (Wallace) owns her own business with her husband at Moore Park Beach in Bundaberg. They have 5 children and regularly go camping, four wheel driving. Shannon’s advice to students “appreciate all the small things in life”.

Tom Suhr, spent 16 years in the meat industry owning his own shops and has recently transitioned into selling insurance. He has two daughters aged 10 and 8 and still resides on the beautiful Sunshine Coast although he did play Cricket in Scotland for 8 months where he made some great memories.

Tom’s words of advice “never take anything for granted and always respect your elders such as teachers, parents and friends.”

Jack Mams, still single and living in Brisbane is working as the National Sales Manager for Nomad Tackle.

My favourite trip was to Ningaloo reef and Coral Bay Western Australia, Exmouth is definitely worth a look in the cooler months … Watch out for emu’s at the bakery and be worried if you have a pie in your hand.

Life advice for Students: Follow your dreams, I followed mine and now work in my dream job in the Fishing Tackle Industry. Pick subjects that you can use to your advantage later in life.

Eric Stocker is now married with 1 child and lives in Brisbane working as a Systems Engineering Manager. Eric hired a car and travelled throughout Europe visiting small places and learning about their culture.

Life advice for Students: Work to live, not live to work. There will be ups and downs and treasure the ones around you that you care about.

Matt Kenah, now married with 3 children has just moved back to the Sunshine Coast from Perth.

“ I left school and went straight into the army as an air dispatcher before transferring to the engineers to complete my electrical trade. After discharging from the army I began work in the mines working in the gas and iron ore sectors. After leaving the mines I uplifted the family and moved back to the Sunshine Coast. In January I will start my new career at Woodford prison as a prison correctional officer.”

Picking a favourite trip is a very hard one for me, I have been very lucky when it comes to travel. Serving my country in Afghanistan was a very proud moment, running with the bulls in Spain the craziest. Egypt and Rome had the most amazing sights and being at Gallipoli for the 100th ANZAC day was the most moving.

Life Advice for students: “I always say to my kids if you are not trying to make this world a better place you are wasting the day! From giving blood to working in outback aboriginal communities I have always tried to live by this.”

Amazingly all the attendee’s still had strong resemblances to how they looked in their 2000 graduation year although older and wiser. Everyone really enjoyed each other’s company, catching up with friends and hearing about the various life experiences.

It was a fun and vibrant experience that will be long remembered.
